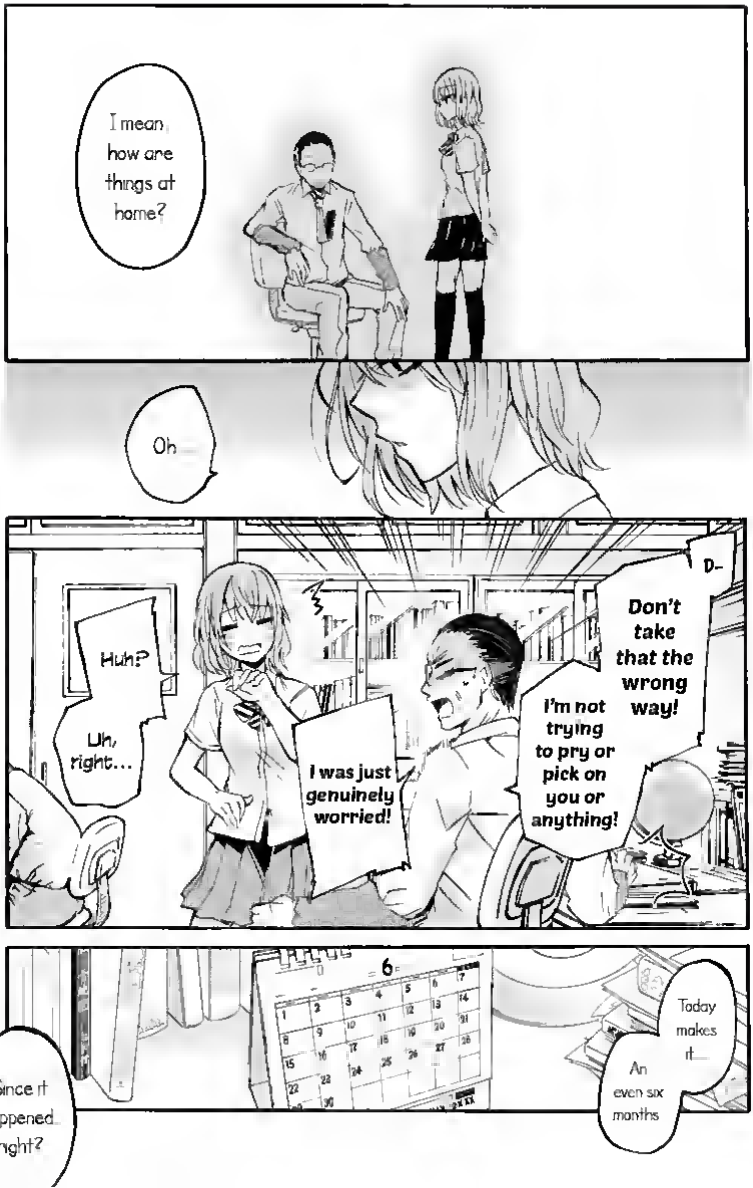
Shina...
...
Shina.
If you don't I'm gonna go ahead without...
Alright, wake up already!

# Diary.1

Oh, finally up?
tap tap
Wah!? Jeez, don't scare me like that!
Excellent observation, Watson.
Homeroom ended ages ago, Shino...
I say homeroom, but really you slept straight through from sixth period Japanese good lord
OPEN
Oh good, Shino's still here.
Ichinose-sensei was crying you know
That's news to me.
Because Japanese is the designated sleeping period.

1
Right, because it couldn't *possibly* be that
hrmm...
But why. All I can think of is that homework assignment I still haven't turned in...
Ninety-eight percent chance of "yes."
I wonder if he's mad...
the geography teacher
Metoka-sensei wanted to talk to you...
Aw, really? Okay, thanks Minata.
See you on the other side.
Then I'll bet on that last two percent...
Well yeah I know but...
She's not exactly the loud type even on a good day.
Uh... Well, not really I guess.
I still think she seems kinda down today, don't you?

Faculty Office
I hope she's okay.
Are you okay?
Well,
what exactly do you mean by that?
Well



I mean, how are things at home?
Oh...
Huh?
Uh, right...
I was just genuinely worried!
I'm not trying to pry or pick on you or anything!
Don't take that the wrong way!

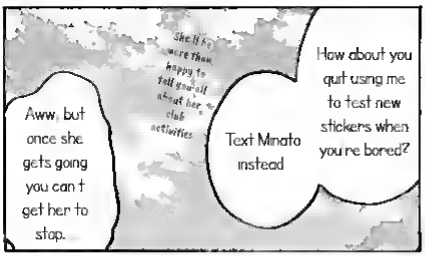
Since it happened... right?
Today makes it... An even six months

Your brother's passing.
I guess to you I'm just a geography teacher.
But I was your brother's home room teacher for his whole time in high school.
So... Well
What I mean is...
...
Thank you
If I can ever do anything for you, let me know.

Actually... If you could forget that homework I haven't—
THAT'S A DIFFERENT STORY!
YOU HAVE TILL FRIDAY!
Both of my porents
Died a long time ago
It was a traffic accident.
After that, my brother and I lived with just the two of us.
So what'd Motoki-sensei say?
Told me to turn it in by Friday.
Until he
Also died, six months ago, from complications caused by a cold.
Makes sense.
That's the whole story.
Shina.
Kay. see you later.
Alright, I'm headed this way.

Any time is fine, okay?
If anything comes up
Feel free to Line me or give me a call



Aww, but once she gets going you can't get her to stop.
She'll be more than happy to tell you all about her club activities.
Text Minato instead
How about you quit using me to test new stickers when you're bored?

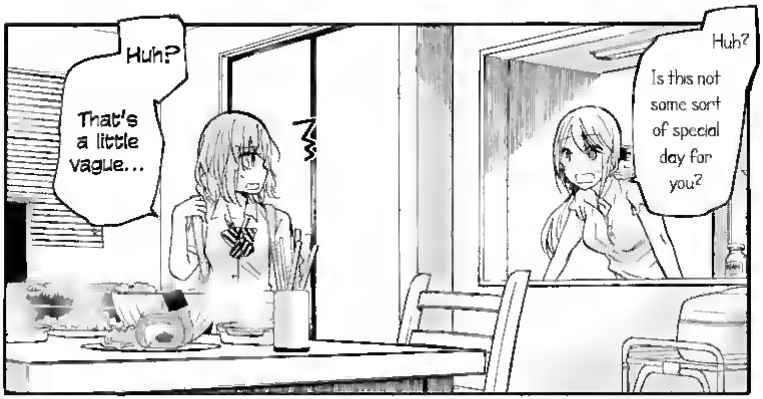
**The wife.**

My brother's
Wife.
Oh sure
Go ahead and change out of your uniform while I bring out the food!
Wha-
But Nozomi...
What do you mean you were waiting...
Um... so. Is this like...
When people throw a party at a funeral so they can...
I never did understand that when I saw it on TV as a kid...
What?



Huh?
That's a little vague...
Huh?
Is this not some sort of special day for you?

Unhh...? But my birthday's in March...
See right here in Tashi's schedule book

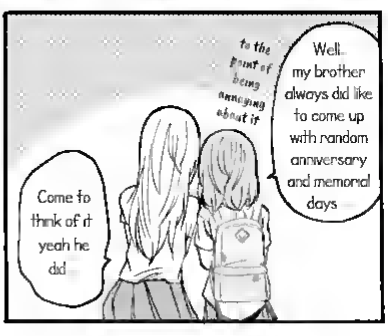
SHINO

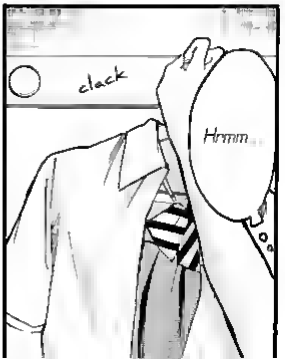
He wouldn't shut about them
Which reminds me. I know the dates for most of you two's "anniversaries" too.
WHAT!?



to the point of being annoying about it
Well... my brother always did like to come up with random anniversary and memorial days...
Come to think of it yeah he did...

Okay well wait here and I'll try ta remember what today is while I change.
Actually, before that I have some questions about what you just said...
Don't sweat it.

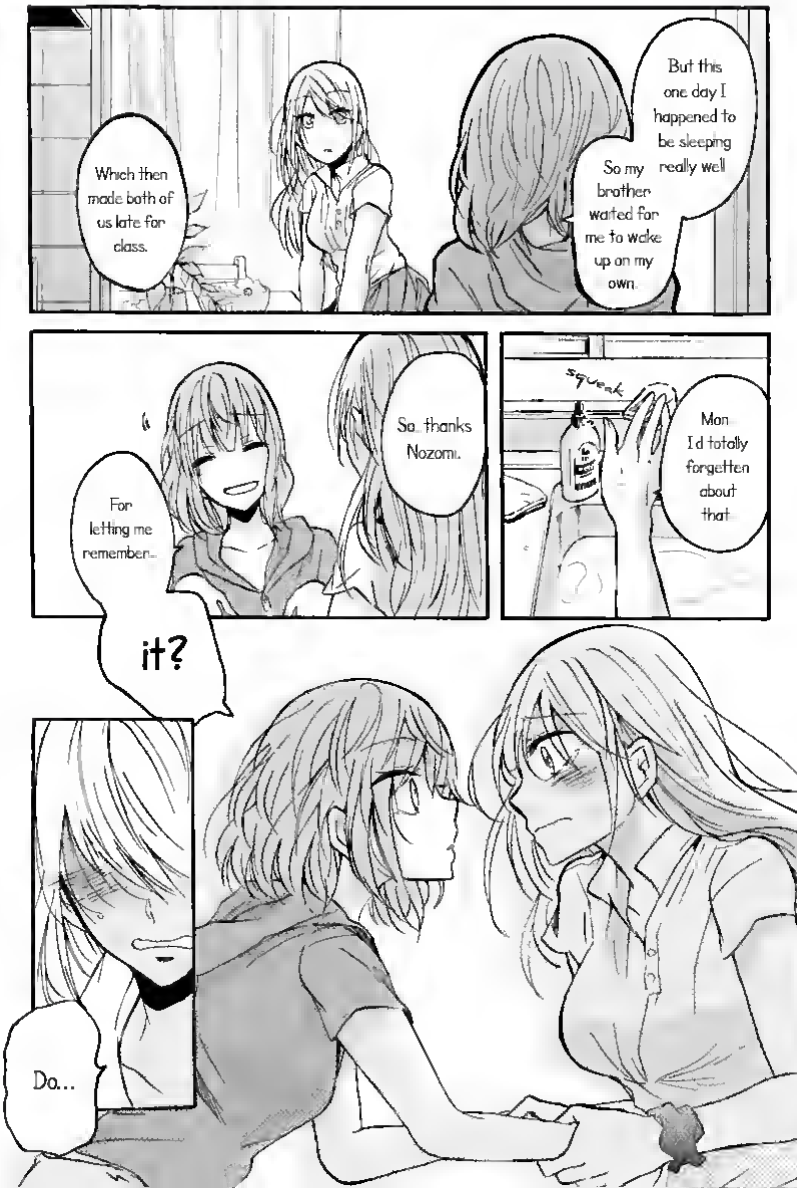
In June, huh? What's in June?
Nah probably not Maybe. festivals. ?
Maybe it has to do with exams?
No, there's not really any festivals as early as June.



clack
Hmmm

I'VE GOT IT!
SHINO! CLOTHES FIRST!
Oops
Uh-huh
When I was in eighth grade, both me and my brother were late to school for the first time today.
That's what it was.
Anyway, today is the anniversary of "us being late."
SO IT'S A BAD ONE!?
Yup.

What happened was bad, but it was a good day.
Ahaha, no it's actually fine
Gaaa
Ahh, so that means I...
Just completely misunderstood...
I've been that way since way back
You know I don't really ever oversleep.
tshh
And then when my parents died it just got even worse.
fshh
Or I guess it's more like I've never slept well to begin with.



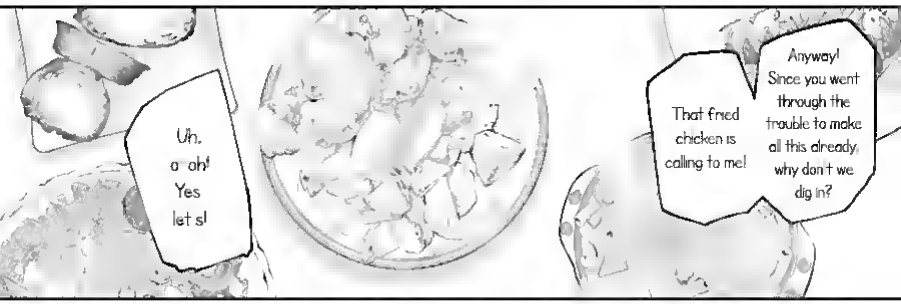
But this one day I happened to be sleeping really well
So my brother waited for me to wake up on my own.
Which then made both of us late for class.
squeak
Man I'd totally forgotten about that
So... thanks Nozomi.
For letting me remember...
it?
Do...

DO YOU WANT TO SLEEP WITH ME TO-NIGHT!?
NO, WHY!?

Ugh
Ah! Right of course...
Wait, no that's not what I meant...
Uh...
How do I put it...

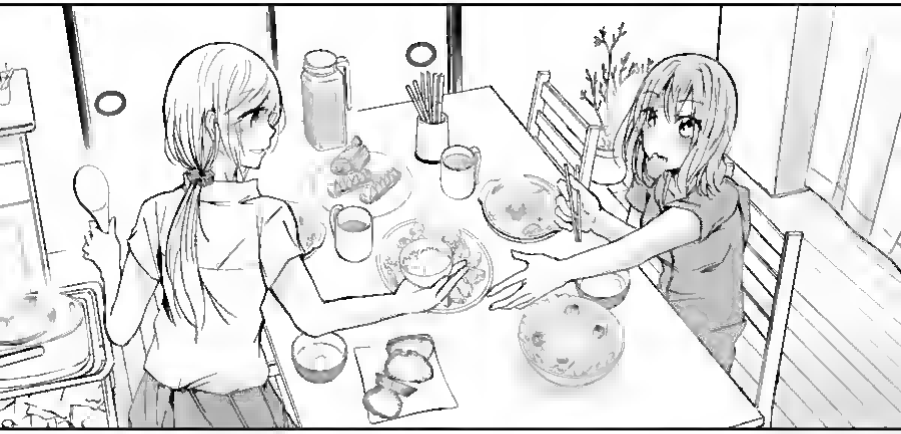
Lately...
Are you...
Sleeping alright?
Yep.

My parents died a long time ago, my brother half a year ago.



Uh, o-oh! Yes let s!
That fried chicken is calling to me!
Anyway! Since you went through the trouble to make all this already, why don't we dig in?

Now I'm living together with my brother's wife.



And that's the whole story.

Notes

Their sixth period class is actually "Modern Japanese." There's also a "Classical Japanese" class in high schools that covers an old form of Japanese that only barely resembles the language as it is today (some old, un-updated laws and a lot of classic literature use it)

"LINE" is the free messenger app everybody uses nowadays. It has "stickers" (called "stamps" in the Japanese version, "stickers" in the English version) that are like big fancy emoticons. While a bunch are free to use, you can also buy themed packs (people and companies can make their own and put them up on the Line store to sell).

Some Dragon Ball stickers available for Line
